

Municipal Affairs At Arlington

Engineer Advises
Drainage Connection
Is No Violation

Although Arthur W. Conser, engineer, advised the Arlington Heights village board Tuesday evening that the admission into the sewer system of water from the vicinity of Wilke and Center roads would not be in violation to the natural water shed, the board members expressed their reluctance to giving to the highway department of the county of Cook, permission to drain that area into the sewer system. Mr. Conser stated that without such direct connection, the water ultimately passes through the system and is pumped at the treatment works. "If it is directly connected," stated Mr. Conser, "the water would come immediately after the heavy rain and would be bypassed and thus would in reality cut operating costs." The clerk was instructed to ask the highway department to submit a topographic map of the area to be drained, so that board could learn its relationship with the municipality.

To Hold Special Meeting To Consider Audit

E. F. Laurin has completed his audit of municipal funds and his report is now in the hands of the various members. A social meeting of the board will be held Monday evening for the purpose of studying the audit.

State Approved Ridge Avenue As Arterial Street

The use of gas tax funds for the construction of an adequate road to the plant of the Creamery Package is now a possibility. A letter has been received from the state highway department approving the action of the village board in specifying Ridge avenue as an arterial street from Center road to the Northwestern tracks. Egress to the manufacturing plant that distributes a heavy payroll each month has been over private property a great many years.

The next step will be the procurement of necessary right-of-way for a 66 ft. street. Attorney Thal was instructed to secure data upon such a proceeding and an effort will be made to secure needed right-of-way without cost.

Many Apply For Policeman's Job

Applications for the job of policeman were received from two local men and four others. The applications of the latter were accompanied by letters of recommendation which numbered more than the applications themselves. Definite action was delayed one week. Those applying for the job are: Arthur A. Beltz, of N. Riverside; Frank A. Schoff, of Maywood; P. M. Hale of Wheaton; and Frank D. Lyman, of Wheaton; Christ Schoenbeck and Frank Dobbins of Arlington Heights.

The recommendations were from county officials, mayors, police chiefs and past municipal officials.

Last Lien Suit Settled For \$1,000 Warrant

The Mississippi Valley Steel Co. has settled for a \$1,000 1936 tax warrant, its lien against the municipal building. This was the last case against the village, which expects to be reimbursed for all such expense by the insurance company.

Mother's Club Registers Protest Against Number of Saloons and Slot Machines

The board took under advisement a protest from the Mother's Club of the M. E. church protesting against the recent increase in the number of saloons from ten to twelve and the presence of slot machines within the village.

Other matters before the board were:

Police report of 28 arrests with fines totaling \$91.

Repairs to boiler totaling \$123.78.

Bills and payroll totaling \$22,122.30.

Bill of Sienro garage for auto part not used, was settled.

Then and Now—

How Arlington Heights Celebrated The Fourth In 1888

Fourth of July, 1888, was 49 years ago, but the manner in which Arlington Heights celebrated the nation's birthday in those days, was not much different than now except there was a whole lot more noise. Frank White who first arrived in Arlington that year, tells his own story of July 4, 1888.

"It was an ideal day, similar to the one of Monday. The little town was aglow with flags and bunting. Cannons roared through the day, managed by Mr. Wm. Dunton. Blacksmith anvils and firecrackers echoed the glory of Independence day.

"The Arlington Heights Brass band, celebrated by giving a picnic and selected Mr. Mensching's cow pasture, about where the Gaare garage is now located. The band

Additional Street Man Given Employment

Employment of Frank Gieseke, at fifty cents an hour as an employee of the street department, was authorized by the board after considerable discussion. Alderman Goedke pointed out that many improvements were needed upon the streets and work upon catch basins. The ability of the department to pay the additional cost out of its appropriation was questioned and the appointment is only temporary.

There was also a lengthy discussion upon the improvement of Frederick street in the northeastern part of the town. The cost of this improvement will be considerable and again the ability of the appropriation to stand that much stretching was discussed. Clerk was instructed to ask the Rock Road Construction Co. to submit an estimate of cost.

It Will Be Closed Shop Hereafter on All Village Tools

After considerable discussion, the board ruled that hereafter tools of the village shall not be loaned to anyone. In the past some people have desired to borrow such things as a cement mixer to perform work that would otherwise go to a local contractor. Then again, contractors whose machine may break down, have been accommodated.

The use of village equipment to pump out cisterns was also frowned upon and only in case of a flood that effects basements can such equipment be used. The board is not going into the business of cleaning cisterns even if owners are willing to pay for same.

To Place Refuse Boxes In Business District

Six refuse boxes will soon grace the business section of Arlington Heights as a tryout to discover if the public will make use of same. Illinois Municipal League Becomes a Party To Disconnection Suit

Attorney Thal reported that the Greene disconnection suit will be heard by the state supreme court in October and that the Illinois Municipal League had filed a friendly brief in the matter.

Coach McElroy Wins Palatine Tennis Tournament

McElroy, high school athletic coach, won the First Annual Palatine Tennis Tournament by defeating "Coco" Helgeson in the final match of singles competition last Sunday afternoon. The scores were 6-2, 6-3, 7-9, and 6-2. Helgeson had defeated Krambler and McElroy had dropped Irons in straight sets in the semi-finals. Previous to the semi-finals Helgeson had beaten Bob Stewart while McElroy had disposed of Helms, Plate and Smith.

The tournament was sponsored by the Tontoyon of the Tontoyon Pharmacy and medals are being awarded the winner and runner up. Twenty-one Palatine men competed in the tournament. Tontoyon is also sponsoring a doubles tourney which will be staged in a few weeks after the partners have had a chance to get some practice playing together.

Arlington Heights Woman Injured When Auto Hits Train

Mrs. C. Van Gelder, 7 West Campbell street, Arlington Heights, was slightly injured Monday, when she was struck by wreckage of a car which had struck the baggage car of a Chicago bound flyer at Fox River Grove station. Mrs. Van Gelder was standing on the station platform.

The car was driven by Charles Wagenknecht, 71 years old, a retired city policeman. The car was completely demolished and the driver was so severely injured that he is not expected to live.

The wig-wag signal was working according to state officers. Wagenknecht resides at a subdivision on Fox River.

Dies at Golf Game

Herman Evans, 597 Oak street, Winnetka, died at the first tee of the Sportsman Golf club, Monday, on Dundee road.

Smashups And Deaths Over Fourth

The July 4th week-end took a toll of many smashups, serious injuries and deaths throughout the Metropolitan area. The northwestern part of Cook county was not immune. The deputy sheriffs at the Milwaukee avenue station had a busy time and the police files contain a multiplicity of reports on minor accidents.

Autoist Killed As He Changed Tire

Cash Bohrer, of Chicago, met death Monday morning near the intersection of Lake and Milwaukee avenues when he attempted to change a tire without driving completely off the pavement. He was hit by a truck of the Lusha Transfer Co., DePere, Wis. The driver claimed that Bohrer, after stopping over suddenly rose and stepped in to the path of the truck, the driver of which swerved out sufficiently to miss hitting the autoist with the front wheels, but some part of the truck struck him sufficiently hard to cause death.

Had Two Glasses of Beer; Before Smashup

Robert Bull, Rand road and Euclid avenue admitted to the deputy sheriff's office July 2, that he had had two glasses of beer before he collided with a Packard car being driven east on Dempster near Milwaukee avenue. Bull was traveling west, but in some way was in the east bound lane. Both cars were badly wrecked and occupants of the Packard car were taken to the Northwestern hospital.

Stopped For Red Light Hit From Rear

Stop lights are supposed to be for safety, but when Lloyd Glasier, 4544 Hazel avenue stopped for traffic light July 4th at the intersection of Milwaukee and Dundee roads, his car was hit by the man who was following. Faulty brakes, claimed the latter.

Four Lane Highway Still Too Narrow

The car of Henry Erzig was headed west July 4th at Rand and State road when it was side swiped by a car driven by Joseph Folbada. Injuries were confined to the cars.

Cab Too Big a Hurry To Obey Stop Sign

Edmund Kirchhoff, Mt. Prospect, was northbound on Talcott road when at the intersection with Touhy avenue, an Evanston cab failed to obey the stop sign on Touhy and hit the Kirchhoff car sufficiently hard to injure the passengers of the taxi. Kirchhoff signed a complaint.

Claim Failure To Stop Cause of Accident

Wm. Grosse, Des Plaines, was driving north on Greenwood and when crossing Dempster, was hit by a Packard motor livery that was being driven west on Dempster, its passengers being in a hurry to reach the races. Grosse sustained a skull fracture, claims he stopped, but the other car was being driven so fast he miscalculated the distance. Other driver charges that Grosse failed to obey stop sign.

Many Cars in Ditches

The files of the police report many cars in ditches or broken down, first aid being given in all possible cases. To lend variety to the program, the police were called to remove a large St. Bernard dog that alarmed people at Twin Orchard golf club. The dog was not mad and due to its evident worth was retained at the station.

At the time of the Evanston train wreck last week, all available officers were sent to the scene and aided Evanston police in handling those injured.

Many Accidents With No Autos Involved

Eleanor Brogmus, of Foundry and River roads, was bitten in the knee by police dog of Wm. Grunke. She was treated by Dr. Heller and the dog placed under observation.

When Mr. Borchardt of the Plantation Hut was awakened by his dog barking, he discovered two boys were attempting to rob slot machines at his place. The boys escaped, but upon his description, the police picked up two lads, who Borchardt was unable to identify.

Swimmer Dies in Deep Lake Hole

The Lutter Brick Co. has difficulty in keeping swimmers out of the clay hole on their property near Glenview, and July 5, Henry Sonnenner, 5714 Cullum avenue, Chicago, lost his life in thirty feet of water. The body was recovered by U. S. Coast Guard.

Plane Stalls at Pal-Waukee Air Port

John B. Anderson, an amateur licensed pilot, stalled his plane 100 feet in the air at the Pal-Waukee airport Monday and the pilot received only bruises and shock. Anderson claims that his "pancake" landing was necessary to avoid hitting a plane that was just taking off.

NEW OFFICERS PRESIDE AT LIONS CLUB

The Arlington Heights Lions club met Tuesday evening with its new president, Mr. Hugo Thal, for dinner and their regular meeting with a large attendance in spite of the hot evening. Mr. Thal gave a short talk on his plans for the club and we are assured that he is going to put this club over with a "bang." Various committees were appointed and several things pertaining to the club were discussed.

Dr. Dunn, the new "Tail Twister" with his pleasing personality, put a punch into the songs. Miss Ruth Wenzel, one of the charming young musicians of Arlington, acted as Lioness for the evening, and also gave a vocal selection.

The lions are seeking new members from the business men of Arlington Heights. It is an influential and highly respected organization in the community.

Announce Rules For Tennis Courts At Palatine

People who use the high school tennis courts are being asked to abide by a set of rules which are common where ever tennis is played. The Board of Education has given a tennis committee of two teachers, two alumni and one student the authority to enforce the rules and the responsibility of keeping the courts in shape for playing. Members of the committee are McElroy, chairman, Krambler, Sizer, Meyer and Stewart.

The rules are as follows: (1) wear tennis shoes without heels; (2) play only one set when others are waiting; (3) loosen the net when play is completed for the day; (4) do not play after a rain until courts are rolled and lined; (5) do not park cars in the drive; (6) When waiting for a court racket it by placing tennis racket against net post in order to have first chance to use the court when those playing have completed the set; (7) the exception to rule six is in the case of the group that maintains the courts. This group has been granted the special privilege of first chance at a court when those playing have finished no matter if others have arrived earlier; (8) children below high school age and those who have the chance to do their playing during the day are urged to do so in order to avoid congestion in the evening when those who work have their only opportunity to play. Common sense and good sportsmanship among those playing will make any strict enforcement of rules unnecessary.

St. James Church Gives Summer Festival

The St. James church of Arlington Heights is giving a summer festival Friday, Saturday, and Sunday, July 9, 10, and 11 on the church grounds. A turkey dinner is offered Sunday from 11:30 to 3:00 at 75c for adults and 35c for children under ten years. There will be refreshments and amusements. The festival is a three day duration and the proceeds go to expenses of the church. Friends of the church and the general public will be most welcome. The site of the event is away from the downtown district, but it is as important to the organization as similar events are to other groups. Evidence of reciprocity will be appreciated.

Hospital At Race Track Is A Busy Place

The emergency hospital at the race track was a busy place last week with a fracture of some nature every day. Injuries to guests included a fractured leg and a fractured thumb. The leg was broken when a man hurried too fast to the mutual windows and fell. The woman who broke her thumb was so busy watching the horses that she did not notice the terraced steps.

The emergency hospital is principally maintained for the riders and others employed by the Jockey club. One jockey fractured a toe, while a starter dislocated a shoulder. In a plant as big as the Arlington Jockey club almost anything can happen and the opening week of this year's meeting demonstrated that almost anything was going to happen. Strange to say, Monday, July 5th, did not develop any major cases.

Dr. Schimmel is in charge of the emergency room, assisted by one or two nurses. Guests receive only first aid treatment, while employees injured are continued under the care of Dr. Schimmel.

Member of Girl Troup Dies From Burns

Ruby Carmen, of St. Louis, a member of the troupe engaged by the BonAir Country club, was so severely burned Sunday morning that she died at the county hospital. With Vera Richter, of the same troupe, she had retired at the home of Mrs. Zeno, Wheeling, near 4 o'clock. Four hours later she awoke, finding the bedclothes afire. First aid was given at the Wheeling hospital, then removed to the county.

L. L. L. CONVENTION

The annual convention of the Lutheran Laymen's League will be staged at the Sherman Hotel, Randolph and Clark Streets, Chicago, Saturday and Sunday, July 10 and 11. The business session will start at 9:30 Saturday morning and the highlight of the convention will be the banquet Saturday evening at \$2.00 per plate. All members are urged to attend.

Hunting License To Cost More

Local village clerks have received notices from the state department of conservation advising them of the new costs for hunting and fishing licenses that are now in effect. The only immediate increase is in the price of hunting licenses which are now \$1.50 in place of \$1.00 as formerly.

There is no change in the 50c price of fishing licenses for 1937, but commencing Jan. 31, 1938, fishermen will be required to pay 75c. The use of basket or trap devices for the taking of fish is illegal, therefore this type of license will not be issued.

The opening dates of the squirrel season in the northern part of the state will be Sept. 1 to Nov. 30.

Committee To Further Observance of 150th Anniv. of Constitution

At the request of the United National Commission, Mayor Godknecht, of Palatine has appointed the following committee to cooperate with the National United States Constitution Sesquicentennial commission plans for observing the 150th Anniversary of the formation of the United States Constitution.

Mrs. George H. Hermann, president Woman's Club.

Lawrence Inkster, Commander American Legion.

Mrs. C. A. Staron, president Legion Auxiliary.

Mrs. Elmore Arps-Foster, secretary W. R. C. No. 89.

Roy L. La Loned, president Lions Club.

Rev. Frederick J. Schnell, pastor M. E. Church.

Rev. John C. Voeks, pastor St. Paul's church.

Oh! Boy It's Hot At Printing Office!

Who Says It Is
Thursday noon it was so hot in the office of the Cook County Herald that an automatic fire extinguishers stationed near the ceiling, went off, and it was not because of any hot race tips or news stories, either.

Lumber Displayed For "Quality" Home

The erection of the "quality" home at Mt. Prospect by W. R. Comfort Sons of Palatine, has caused a good deal of interest, not only for its future owner, Mr. Lams, but the public as well. The type of construction and material that is going into the home is of the best. The Palatine contractors have placed the unusual lumber and materials upon the grounds and everyone is invited to inspect them.

Mt. Prospect Rural Fire Protection League Picnic Is July 24th

The Mt. Prospect Rural Fire Protection League needs 200 feet of hose and to secure needed funds an old time picnic will be held at Arlington Ballroom Saturday, July 24. Music will be by Heine and there will be prizes for old and young. Old timers are especially invited and a \$5 prize will be given to the oldest couple upon the grounds. Dance tickets are 40c a person.

"I will be there. Will you?"

Louis-Braddock Fight Seen At Catlow Theater

The Louis-Braddock fight pictures will be shown on the Catlow screen Wednesday, Thursday and Friday, July 14, 15, and 16. The championship fight is in addition to the regular pictures on these nights.

PASSING THE BUCK

Unless the state highway department decides to assume its responsibility for the upkeep of Colfax street at the Smith street intersection, there will be a serious accident at that point.

Sections of the pavement have settled, while other parts are held in place by a catchbasin. The large ruts the latter and the pavement belongs to the state. Hence the passing of the buck.

Patrolmen can secure no action. The Enterprise is asking the Chicago Motor Club to act as arbitrator in the matter and tell the public whose job it is to remove the hazard.

Dr. Clayton Taking Special Obstetric Course In Chicago Hospital

Dr. J. G. Clayton is taking a special postgraduate course this week at the Illinois Research hospital of the University of Illinois, in obstetrics and pediatrics. Dr. Clayton, however, is holding his regular office hours in the evening.

Look For Speed Trap; But Can't Find It In Arlington Heights

Officers from the state's attorney office were in Arlington Heights early this week looking for a speed trap. They did not find it here, as the records of the police department and the court of Judge Neuman readily showed. The visitors were not tipped off that officers of neighboring towns often chase their prey into the Heights, which fact might explain the complaint that had been filed at the state's attorney office.

Many Weddings In Distant Future

There were a number of Arlington Heights young people who procured marriage licenses prior to July 1st, who will be married until later. Efforts on the part of a reporter to learn dates of weddings, etc., were usually met with "we do not know anything about it." When reminded that a marriage license had been procured in their name, even if they would not admit the fact, they admitted the charge and asked that no publicity be given at this time.

Palatine Boy Qualifies For Entrance To Naval Academy

Edward Hahnfeldt of Palatine is now a midshipman in the United States Naval Academy at Annapolis, Maryland.

Word has been received by his parents, Mr. and Mrs. Edward C. Hahnfeldt, that he successfully passed a severe physical examination this week. The college requirements were fully met this spring and the two tests make up the "Hurdles" that must be crossed before one may be accepted.

Hahnfeldt has attended the Bullis prep school at Washington, D. C., the past two years in preparation for the entrance examinations which are purposely "tough" in order to exclude all those who might be unworthy officers of the United States navy. He spent a month's vacation in Palatine prior to June 20, when he left to complete his acceptance.

"Eddie" was graduated from the Palatine high school in 1935. He achieved quite a name among the sport fans not only in the Northwest conference, but throughout the Midwest for his dexterity in the field events, particularly the discus, javelin, and shot put. Despite the juggling of colleges and universities, Edward has carried out his ambition of attending Annapolis and much credit is due him for his perseverance in training for the academy.

Medinah Man Held In Auto Accident

One arrest and several injuries, none of which is considered serious, resulted from the heavy traffic in DuPage county over the Independence day holidays.

Mike Reiser, Medinah, a laborer, is out on \$1,000 bonds, as the result of an accident at Lake Street and York road, Elmhurst, at 8:40 p. m., Sunday evening. The report in the sheriff's office is that Reiser drove his car into the rear of a car owned and driven by Carl N. Long, 435 Harrison street, Oak Park, when Long stopped for the light. Reiser was taken to the Elmhurst hospital for treatment, but was not badly injured. He was arrested, and held in bonds of \$1,000 in Elmhurst.

Reiser was examined in Elmhurst, and the following report made to Sheriff Bennett. He "was standing, eyes closed, very unsteady. Reflexes are not present at knee joint. Admitted drinking. Eyes do not react to strong light. It is believed that this man is unfit to drive a car."

John Anderson of Glen Ellyn escaped death when he was traveling east on North avenue, between Main and Grace streets, North Glen Ellyn, at 2:45 p. m. Saturday. A tire blew out and the car left the road, hitting and tearing up a road. The car was badly damaged. Lillian Broniarsky, 3215 Le Moyne avenue, Chicago, housekeeper for Andrew Stauffer, was cut and bruised when Stauffer's car, which she was driving, was struck by a car driven by Alfred Harwood.

Dr. Clayton Taking Special Obstetric Course In Chicago Hospital

Dr. J. G. Clayton is taking a special postgraduate course this week at the Illinois Research hospital of the University of Illinois, in obstetrics and pediatrics. Dr. Clayton, however, is holding his regular office hours in the evening.

Firemen Prove Good Hosts; Large Crowds at Picnic

The firemen of Arlington Heights proved to be excellent "fun provokers" at their picnic at Meyer's Park, Sunday and Monday. Large crowds attended both days and everyone joined in the good times.

The receipts of the celebration showed that the crowd was in a spending mood. The proceeds will be used in the interests of the fire department.

Three Palatine Cars Participate In One Accident

After passing through the Fourth with no auto accidents in Palatine, fate made up for lost time Wednesday when three cars were badly injured.

Car No. 1, owned and operated by J. E. Lorden, Palatine, was going south on Rose street when it collided with car moving west on Slade street, owned and operated by Fred Kuhlman, also of Palatine. The Sorden car, as a sequel to the first crash struck the car owned by Dr. Clayton, which was standing still with Mrs. Leslie Taylor at the wheel, who sustained bruises to arms. Lorden is reported to have been driving around the town the larger part of the afternoon. He is a retired policeman.

Morton Grove To Celebrate Aug. 18 and 19

Morton Grove days will be Wednesday and Thursday, August 18 and 19, and will be held in the Line Woods forest preserve. This is about the biggest event of the year to be held in Niles township and the committee is making plans for a bigger and better celebration than in any previous year.

The committee in direct charge are: Otto M. Frank, executive chairman; Arthur West, treasurer; Rodger Yehl, secretary; Elizabeth Lumpp, chairman of finance committee. Further details will appear in subsequent issues of the Herald.

Estate Board Has Outing DuPage County Real

The DuPage County Real Estate Board will have their July outing July 21, at the Woodbridge Country club in Lisle. Golf at one o'clock 75c; dinner at 7 o'clock, \$1.00. Obtain your tickets through your local realtor.

The following officers of the Federal Housing Administration are listed on the speaker's program and will give the latest developments in connection with the FHA and the advantages that now can be obtained by the Realtors through this organization in financing properties in DuPage county: Gail Sullivan, assistant director; John Merrill, chief of the Architectural Department and president of the Chicago Chapter of the American Institute of Architecture; Percy Wagner, chief valuator and Leo Cotter, chief of the underwriting department.

Lee O. Littleford, president of the DuPage County Real Estate Board, urges every real estate man in the county to attend this meeting and a large attendance is expected, therefore you are urged to make your reservations.

Jake Eissler Given Long Sentence, But May Be Paroled After Year

J. H. "Jake" Eissler, 63-year-old professional dynamiter of Long Grove, has started serving a one to 20 year sentence in the penitentiary for bombing the home of C. C. Kerschell of 814 Spruce street, Kapelle, on May 8. Eissler may be paroled after a year or more in the penitentiary.

Eissler was removed from the Lake County jail to Joliet last Tuesday.

Lutheran Congregation To Celebrate

The organizing of the St. Paul's Lutheran Congregation on July 7, 1912, will be fittingly remembered in services to be held on July 11, 1937, in their church located at Busse avenue and Elm street at 2:30 p. m. at which Rev. William Koertel of Elgin Illinois, and Rev. Arthur Werfelmann of Hinsdale, Illinois, will render the addresses. The choir of Immanuel Lutheran Church of Crystal Lake, Mr. A. Hitzemann, director, will render several selections for this special occasion, while the Arlington Heights high school band will render a concert in the evening.

Twenty-five years ago on July 7, 1912, twenty-five Lutheran men gathered in the old Public School House for the purpose of organizing an Evangelical Lutheran Congregation. With the aid of Pastor Knoack of Arlington Heights a constitution was adopted and application was made for a charter, which was granted, incorporating The St. Paulus Cemeinde. Services were held in the old Public School House, where Pastor Pieper of Des Plaines, Illinois, served as supply pastor. Shortly thereafter William and Edward Busse donated two acres of land to the Congregation for a church site. The number of voting members has increased to 138 and there are 475 communicant members in the congregation at present.

In September, 1912, a contract was entered into for the building of a church the contract price of which was \$9,300.00 which is the church being used to-day. Since then a \$45,000 School Building has been erected on this same site. The teachers are employed throughout the year to teach the 138 pupils attending the school.

In October, 1912, a permanent pastor was called and after two with special services each month.

Hit By Car Palatine Man Dies

Albert Giesenschlag, 76 years, 262 N. Fremont street, Palatine, died in the Sherman hospital early Thursday morning, four hours after he was hit by an auto as he was crossing the Northwest highway at Colfax street.

Giesenschlag is employed at the Becherer gas station and was relieved from duty about 9:30 Wednesday evening. He walked north to Paul's Tent and as he started across the highway, evidently did not see the approaching car, which was being driven by Robert Gulbrandsen, 24 years, 2005 S. Maple avenue, Oak Park, who was accompanied by a young lady. His right fender hit the station attendant.

The driver was taken into custody by Palatine police and was held until bond was provided. Mr. Giesenschlag sustained fractures of both legs and arms and was first taken to the Palatine Community hospital for first aid, but as there were no vacant beds he was later moved to Elgin.

The deceased resided with his niece, Mrs. Elmer Bueznaw and has no other relatives.

Law Catches Up With Criminal Fugitive After Sixteen Years

Walter Nicholson, fugitive from DuPage county justice for more than 16 years, in connection with the slaying of Harry Magers, Elmhurst chief of police in October, 1920, in the state penitentiary at Joliet, serving a sentence of from 1 to 14 years for robbery with a gun. Nicholson pleaded guilty to the robbery charge before Circuit Judge William J. Fulton, Friday afternoon.

The charge of robbery, rather than that of murder, was brought against Nicholson because the state's witnesses were more certain of their identification than those who saw the gun battle in which Magers was killed, and Thomas Smith, who shot the Elmhurst chief, wounded in the heel.

Smith left a trail of blood, and was captured the next day after the shooting. Nicholson escaped and managed to keep ahead of the law, until, traced through a woman, he was located in Huntington, W. Va., and arrested by Hunting police on May 5. He was brought back to DuPage county, facing five indictments for robbery and one for murder.

Thomas Smith, indicted at the same time, pleaded guilty to murder and was sentenced to life imprisonment in the state penitentiary.

Oldest Organ in the World
The oldest organ in the world is probably the one discovered at Aquinum, a former Roman settlement now a suburb of Budapest. An attached tablet states that the instrument was built in 228 A. D. Its two wind chambers and 52 pipes were remedied so that it can be played as well as ever.

Where Idea for Tunnels Started
Ancient Egyptians, observing streams enter one side of a hill and come out the other, got the idea for tunnels. They built them into tombs. Builders after them bored tunnels to carry or drain water. One people, the Babylonians, more daring than the rest, tunneled beneath the Euphrates river. Thus began the story, according to a correspondent in the Washington Post, of the most fascinating and dangerous of all tunneling operations, subaqueous-underwater.

CHRISTIAN SCIENCE CHURCHES

"God" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, July 4.

The Golden Text was, "To the only wise God our Saviour, be glory and majesty, dominion and power, both now and ever" (Jude 1:25).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And God spake unto Moses, and said unto him, I am the Lord: And I appeared unto Abraham, unto Isaac, and unto Jacob, by the name of God Almighty, but by my name JEHOVAH was I not known to them. And I will take you to me for a people, and I will be to you a God (Exodus 6:2, 3, 7).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "God, The great I AM; the all-knowing, all-seeing, all-acting, all-wise, all-loving, and eternal; Principle; Mind; Soul; Spirit; Life; Truth; Love; all substance; intelligence" (p. 587).

CIVIL SERVICE EXAMINATIONS ANNOUNCED FOR VARIOUS TRADES POSITIONS

The United States Civil Service Commission has announced open competitive examinations for the positions of senior cabinet maker, senior carpenter, senior electrician, and senior painter, for appointment in Washington, D. C., and immediate vicinity only. These examinations are open to all United States citizens who meet the requirements. The entrance salary for these positions is \$1,860 a year. Applicants must have had at least 1 year of journeyman experience in the trade for which application is made, subsequent to the completion of a 4-year apprenticeship therein, or 4 years' practical experience in the trade applied for, the substantial equivalent of such completed apprenticeship.

Full information may be obtained from Secretary of the U. S. Civil Service Board of Examiners, at the post office in this city.

Daring Piece of Engineering

The great International Bridge at Niagara Falls was a daring piece of engineering. The span was 821 feet, and the height of the towers 80 feet. It was the first suspension bridge designed to carry railroad traffic. And it was only because locomotives were being built so much heavier that it had to be replaced by a steel arch in 1893.

WHEELING

Only two more weeks until the annual Wheeling days, July 24 and 25. Civic pride demands your support of this celebration, the proceeds which will benefit the new Wheeling school and community gymnasium, which is nearing completion. Bring your friends to Wheeling July 24 and 25, and sell them a ticket on the grand pizazz if they cannot come.

Wheeling Camp R. N. A. are holding a bakery sale in Hans Schmidt's Wheeling Market, Saturday afternoon of this week at 3 p. m.

Mrs. Geo. Sicks is away on a trip through the eastern states.

The Wm. Kruse family has been spending several weeks here at the Hoffmann home.

Mr. and Mrs. Berank of Janesville, Wis., visited relatives here on Monday.

Summer vacation school opened at the Presbyterian church on Tuesday morning, to continue through the month of July. All children 4 years of age up to those through 7th grade in school are eligible to attend. Any children not enrolled as yet, who can attend, are urged to do so at once that they may share the greater part of the month's program.

PRESBYTERIAN CHURCH
Morning worship, 10:55 o'clock. This will be the usual joint service of congregation and upper room church school classes held each second Sunday of the month.
Sunday church school, 9:30 o'clock for primary room classes only.

World's Oldest Monastery
The world's oldest monastery is St. Anthony's, situated near the Red Sea, about 200 miles south of Suez. It was founded in the Fourth century and is maintained by the Egyptian Coptic church, called the world's oldest Christian church.

EAST MAINE

There will be English communion celebrated in the morning service at St. Matthew's Lutheran church, Sunday, July 11. Preparatory service begins at 9:30 a. m.

Plans are being formulated for the annual picnic of St. Matthew's church to be held, as previously announced, Sunday, July 26 on the church grounds. A hearty invitation to neighbors and friends of the congregation is extended.

Mrs. Otto Jaacks was hostess to a crowd of ladies at her home on Ballard road Saturday evening at a surprise shower on Mrs. Herbert Held. The ladies spent the evening playing "500" while the menfolk who also attended, likewise amused themselves at cards.

World's Largest Circus Shows At Elgin July 16

The world's largest circus, traveling on three trains of double-length steel railroad cars, with 1,080 people, 30 elephants, 812 menagerie animals and 500 horses will exhibit Friday, July 16 at Elgin and throughout this section plans are perfecting for the attendance of every man, woman and child—so it seems—at one of the performances.

Everybody wishes to see the Cole Bros.-Clyde Beatty Circus this year, which returned early in 1937 from a triumphal five year tour of Europe, and it is a foregone conclusion that the world's largest tent, seating 10,000 persons, will be filled to the last chair afternoon and night. Six rings and stages and the hippodrome track, to say nothing of the vast aerial maze for the earth's foremost acrobats—40 acknowledged kings and queens of daring, grace, skill and incredible agility. Sixty clowns will project ten times that number of mirth waves. Countless new foreign features and innovations new to America are introduced on the gigantic program of the world's greatest amusement institution. Clyde Beatty's gigantic trained animal exhibition will be presented in the main performance.

Ken Maynard, the screen's greatest Western star, will personally be seen at every performance. Maynard has starred in 87 pictures produced at the major studios in Hollywood. He is by far the highest priced star ever to be seen with a circus. Appearing in his wild West show this season will be scores of champion cow boys and cow girls Indians and Cossacks.

Penalty for Early Ohio Crimes
We of more modern times, cities a writer in the Cleveland Plain Dealer, might regard the Ohio crimes act of 1805 as barbarous, but many persons then thought it did not go far enough. It ordered the death penalty for five different crimes—murder, rape, treason against the state, malicious maiming, and malicious arson in which life was lost or imperiled.

Janeiro, January

Janeiro in Portuguese means January. The water around Rio de Janeiro (River of January) is so called because it was discovered in January and was thought to be the mouth of a river. The city is the most spectacularly laid out metropolis in the world.

Humble Burmese Women

In Burma the women believe that they must be reborn as men to join the noble of the yellow robe and so attain humanity.

AT THE CATLOW

In celebration of the making of her thirtieth movie, Bette Davis was recently guest of honor at a delightful little party given for her by friends at the First National studios, where she was working in "Marked Woman," playing Thursday and Friday at the Catlow Theatre.

Music and laughter are equal ingredients in the liberal proportion in "Turn Off the Moon," which comes to the Catlow Theatre Saturday. Charlie Ruggles heads the cast of movie and radio stars assembled for this latest "must" on your movie list.

Double featured with "Turn Off the Moon," is the Columbia picture, "Let's Get Married," with Ida Lupino, Walter Connolly and Ralph Bellamy.

The legion of Claudette Colbert fans have a treat in store next Sunday and Monday, when the lovely brunette star arrives at the Catlow Theatre in "I Met Him in Paris." Melvyn Douglas and Rexart Young are cast in the roles of the two writers who meet Miss Colbert, on vacation in Paris, and simultaneously fall in love with her.

For the first time in his long screen career, Guy Kibbee is starred in "Mountain Justice," the First National melodrama coming to the Catlow Theatre Tuesday. "Mountain Justice," a story of the remote hillbilly country and its people, co-stars Josephine Hutchinson and George Brent under the direction of Michael Curtis.

Double featured with "Mountain Justice" is the Columbia picture, "Trapped," starring Charles Starrett, Ace of Western stars, with Peggy Stratford.

Charles Boyer and Jean Arthur come to the Catlow Theatre "History is Made at Night," for two days, Wednesday and Thursday.

This smart, fast-paced romance casts Boyer in a totally new type of role as Paul Dumond, dashing man-about-town and the most popular lead waiter on the Continent, while Jean Arthur is seen as a lovely New York mannequin.

Leo Carrillo and Colin Clive are featured in the supporting cast, which also includes Ivan Lebadoff, George Meaker, Lucian Prival, Georges Benavent and others.

The Metro-Goldwyn-Mayer picture, "Sequoia," starring Jean Parker, is making a request return engagement for one day only on Friday.

Social Events
About Arlington Heights People

Entertains at Tea
Mrs. F. W. Schmidt was hostess to a group of ladies at a tea in Highland Park, last Thursday afternoon.

Bridge Club Picnic
Mrs. Milton Daniels will entertain a bridge club up at her cottage in Twin Lakes, Friday. The members plan to don their swimming suits in the morning and play bridge after a picnic lunch.

Dessert Luncheon
Mrs. Albert Schmidt gave a dessert luncheon for her bridge club, Wednesday.

Beach Party
The Young People's class of the M. E. church enjoyed a picnic at the Des Plaines campgrounds last Thursday evening. It was intended for a beach party, but the weather conditions were so unfavorable that only a few went swimming.

The Fourth Annual Classic ball will be held July 22, at the St. James auditorium sponsored by the St. James choir. All are invited to attend and have a good time.

WEEK END NEWS

The Fessler family had three overnight guests who were driving from Washington, D. C. to Iowa.

Mr. and Mrs. J. Mitzlaff spent the week-end in Waukesha, Wis.

Beulah Burkitt, Bernice Diederich and her cousin, Eleanor Diederich, of Oak Park, enjoyed the holiday in a camp at Powers Lake.

The Chas. Schert family, with their cousins of Des Plaines, motored to Madison, Sunday.

Mrs. Florence Elfeld of Madison, a former resident here, was an Arlington Heights visitor, Sunday.

Dr. and Mrs. Prieto were up at Lake Geneva over the Fourth.

Mrs. Victor Pecchia entertained Mr. Tony Janke and daughters of Michigan City and her parents, Mr. and Mrs. S. Lipinski of Chicago, over the week-end.

Mr. and Mrs. Homer Byrd returned Tuesday from a visit with Mr. Byrd's mother in Bluffton, Indiana.

The John Maloney family of So. Dunton, were holiday guests of Mr. and Mrs. Chas. Verret in Mt. Prospect.

Mr. and Mrs. John S. Best and baby of Madison, visited the home town during the week-end.

The Ferdinands of Park Ridge and the Guy Baxter and Sebert families were entertained Monday by Mr. and Mrs. Milton Daniels at Twin Lakes.

The Pate family enjoyed a holiday gathering at their cottage on Lake Geneva, Sunday.

Miss Jane Dodge of Chicago and Father James, of Long Island, were week-end guests of Mr. and Mrs. Wilbur Dodge.

Mr. and Mrs. Lyman Floyd entertained relatives from Chicago over the 4th.

Mr. Fessler's mother, brother and wife, and sister of Wisconsin, were July 4th and 5th visitors in Arlington Heights. His mother is staying on for a longer visit.

LOCAL ITEMS

Mrs. McWharther and daughter, Barbara, are vacationing in Yellowstone Park.

The W. F. Vanderbeeks are away for a few days' vacation.

Helen Fessler returned Tuesday from a ten day's stay at Camp Ki-shau-wau.

Mr. Guenther has returned home from an extended visit in Europe. While he was away, his wife lived with her sister, Mrs. Plonke on Dwyer street.

Mrs. E. H. Heller's sister, Mrs. R. S. Boswell and children, returned last Wednesday to her home in Kilgore, Texas.

Dr. Savage, Rev. Kossack and Al Jasper are on a fishing trip at Piller, Wis.

Miss Juanita Meyer is gaining office experience working for her father at the Burdick Enamel Sign Co. in Chicago.

Mr. McWharther and children, Royce and Carol, Mr. Peeters and son, Donald, and Mr. Chas. Close, witnessed the big double header at the Cubs ball park Monday. They made a full day of it, leaving at 9 a. m. and not returning until 9 p. m.

Mrs. F. W. Wilson of Clinton, Iowa, is visiting her daughter, Mrs. A. Conger.

The Loki Club, which meets every two weeks, met with Beverly Rogers, Tuesday afternoon.

EDITORIAL
The manual operated R. R. gates, the removal of which the village of Arlington Heights has repeatedly refused, have in all probability saved over a score of lives within the last ten years. The municipal council, backed by public opinion, preferred their unsightliness to the safety hazards that would come into being with their removal.

In addition to the gates, the city of Des Plaines will install stop and go lights at either side of the crossing which will be synchronized with the automatic gates. The lights will flash red when the gates are lowered and remain red until the crossing is clear.

In accordance with the motor club recommendation, the gates will have a time-control element which will cause them to drop in accordance with the speed of the approaching train.

Arlington Heights may not have automatic R. R. gates, neither has there been any fatal accidents upon crossings so protected, for a great many years. The Herald believes that the men in charge of the gates in this town use every endeavor to cause as little delay to the motorists as possible. Autoists should appreciate these facts and not become impatient on account of the safeguards that are set up to keep them from killing themselves.

Park Commissioner Report a Great Trip
Mr. and Mrs. Elmer W. Crane returned last Wednesday from an automobile trip south and east through Louisville, Ky., Knoxville, Tenn., Roanoke, Va., Washington, D. C., Gettysburg, Pa., and Columbus, Ohio.

En route they visited the Norris Dam, an imposing structure located on the Clinch River at Norris, Tenn., Washington, D. C. via the Sky Line Drive through scenic Virginia, the Gettysburg Battle Field and at Columbus they visited Mr. and Mrs. Edward Elford, formerly of this Village. Mr. Elford, a building contractor, erected the Memorial to President Warren G. Harding at Marion, Ohio.

They report a very fine trip and good roads, especially through Pennsylvania, where the Highway department plant roses along the highway to prevent erosion, and they were gorgeous in their varied colors. Of sum their trip up, they expressed it thus: Beautiful.

ELECTION OF OFFICERS MERLE GUILD POST TUESDAY, JULY 13TH

Next Tuesday, July 13, Merle Guild Post will hold its annual election of officers. This is a very important meeting for in addition to the election it is the last meeting before the Festival. Please circle your calendar for that date and make it a point to be at the meeting.

C. J. Miller, Commander Merle Guild Post 208, The American Legion.

Watch Children
Motorists are urged when approaching children to use the horn, but not to depend upon it to blow the kiddies off the street or to replace the brake. When the children are trying to cross the street motorists are asked to give them a chance and wait for them as the average parent would like to have another motorist wait for some one who is near and dear to him.

Ancients Knew Use of Plaster
Plaster for building purposes has been used for centuries. Its insulating and sanitary properties were developed by the ancients and its decorative possibilities furthered by the Greeks and Romans. King John of England recognized its fire-resistant qualities after the great London fire. Sanitary laws in many states require all habitable rooms to be lathed and plastered. It insulates against cold and drafts as well as heat. Other materials give much less in service for the comparative outlay.

Making Rayon
Rayon is made by liquefying cellulose or one of its chemical derivatives and forcing this fluid through small holes into a solution that hardens it into a silky fiber. Because they are smooth and translucent, such fibers are much more lustrous than those of silk. This brilliance is not highly regarded by rayon users, probably because it is a characteristic of what was once an inferior product. It is therefore a practice to add to the rayon a delustrant to make it duller and more like silk, says a writer in the Chicago Tribune.

No Profit in Lost Money
The government does not actually realize any profit from paper money which is lost, even though theoretically it does. The money is still held in the treasury vaults against outstanding paper currency and unless congress passed such a bill that this money might be taken out of the reserve fund, no actual profit would be derived.

"Chaffing"
In some English counties, when a man has been guilty of inflicting personal chastisement upon his wife, it is customary for neighbors to empty a sack or two of chaff in front of the offender's door to signify that a "thrashing" has been done there. This is called "chaffing." The general term may have had its origin in this curious custom.

Naming Pembroke College
Pembroke college, Cambridge, England, was named for the Earl of Pembroke, who was killed on his wedding day in a tilting match in honor of his bride.

Film Stars Adapt Recording Device As Rehearsal Aid

One of Hollywood's newest hobbies has been turned into a practical workaday business device by Simone Simon and James Stewart, stars of "Seventh Heaven." Twentieth Century-Fox romance opened Sunday and Monday at the Arlington Theatre.

Simone Simon has purchased a recording device for transcribing on a wax disc voices, music and radio broadcasts. Among others in Hollywood who have such an apparatus are Warner Baxter, Victor Kilian and John Qualen.

The fiery French star bought the device so she could continue her study of English and her own voice inflections for her role as Diane in "Seventh Heaven," opposite apparatus enables her to speak her lines into the machine and then check on her English diction by playing the recorded words on the phonograph immediately afterward.

Stewart rehearsed his lines many times with the aid of the recording instrument at Simone's home. That famous line he speaks in "Seventh Heaven" upon several occasions—

"I'm a very remarkable fellow"—was mastered to director Henry King's exacting satisfaction through the aid of Simone's recording machine.

"It's one of the hardest lines I have ever had to deliver," Stewart says. "There are so many ways in which it can be given, but there's only one way in which it sounds just right. All the others make one appear foolish instead of in character."

Tapped Kaiser's Telephone
During the World war, Ludwig Ocenasek, a clever spy in Austria for the Allies, located and tapped the carefully concealed private telephone line used solely by the Kaiser and the emper of Austria. After the Armistice, says Collier's Weekly, he repeated the feat on another secret Berlin-Vienna line, securing information that aided Czechoslovakia in becoming an independent country, for which he was honored by a monument.

MOUNT PROSPECT

Miss Betty Jo Hohman had her tonsils removed last week, and is doing very nicely.

The magnificent 4th of July display in town on Monday evening attracted many people on their way to the city. A display like that is well worth the labor of many of the townsfolk.

Miss Jane Bigelow has a position with a company in the Butler building in the loop.

Mr. W. Niebuhr and his family left for a two week's vacation in the north woods of Wisconsin. (Incidentally it's cool there).

Mrs. H. Noll's brother, Mr. Carl Eisefelt, was a delighted host to Rev. and Mrs. Charles E. Smith and son last Wednesday. The Reverend and his family made a brief stop here before going back to the Belgian Congo, where he is a minister of the missionary board. Their young son, Robert, who is two years old, will be left with his grandmother, as no children can be brought into the Belgian Congo.

Church Activities

ST. PAUL'S LUTHERAN
July 11 is the Sunday on which St. Paul's congregation celebrates its silver anniversary in special services under the elms next to the church. There will be no services, except the Sunday school in the morning.

The jubilee services begin at 2:30 in the afternoon. Pastor A. Werfelmann of Hinsdale and Pastor W. Kowert of Elgin will address the congregation. St. Paul's Harmony choir and Immanuel choir of Crystal Lake, will render the anthems. The charter members still living and the widows of the deceased will occupy the seats of honor. The ladies will serve supper in the hall. Outdoor entertainment in the evening. All our friends and neighbors are cordially invited to celebrate with us.

Sunday school, 10:30.
Bible class, Thursday evening at 8.
Holy Communion will be celebrated July 18.

COMMUNITY CHURCH
Rev. Samuel G. Beers, Pastor
Sunday, July 11:
9:45 Church school.
11:00 Morning worship. Sermon: "Finding Security." Special music.
Thursday, July 8:
The church school board will meet at the home of Rev. and Mrs. S. G. Beers, 22 No. Wille street, at 8:00 o'clock.

Thursday, July 8:
2:00 p. m. Junior Choir practice at the home of Virginia Weber.
Sunday, July 8:
Sunday, July 18:
The special outdoor services at Deer Grove Park. Watch next week's paper for details.

SOUTH CHURCH

A community type church affiliated with the Chicago Baptist association.
V. F. W. Clubhouse
Sunday school, 9:45.
Church service, 11:00.

Hand Tells the Truth

The hand mirrors its owner every time, according to a palmist. A flabby hand—a flabby mind; long artistic hand—artistic mind; shapeless animal hand—animal mentality; firm business-like hand—a business-like brain; long, nimble, itching fingers—a nimble mind (pick-pocket).

The Spatulate Hand
The spatulate hand is a crooked, irregular kind of hand with fingers, which spread at the tips into pads or knobs rather like the nose on an engineer's hammer. This shows one to be the active, nervous kind of person with a prodigious capacity for work, into which you fling yourself wholeheartedly. Emotional and demonstrative, asserts a writer in Pearson's London Weekly Magazine, you are bound only by the rules and conventions which you, yourself, choose to make. Inventive, original and frequently brilliant, you are apt to live on your "nerves" and (if your wrist is narrow) should guard against over-straining yourself and also against over-impulsiveness.

Appropriation Passed

Expenditures increased
42 Per Cent

The July meeting of Mt. Prospect Board was concluded in record time last Tuesday—all business being finished by 10:15 p. m.

Aside from passing the new appropriation ordinance, the only matter of importance to come before the Board was the recommendation of the Mayor that the offices of Village Treasurer, Village Collector and Water Rates Collector be combined. As president of the Board, Mr. Besander recommended Fred G. Wille, our present Village Collector, be appointed to act in these capacities and at a salary of \$150.00 per month, instead of a commission or fee arrangement as has previously existed. Such a resolution was unanimously passed.

The appropriation ordinance for the fiscal year ending April 30, 1938, and which is published in detail in this issue of the Review, provides for expenditures totaling \$21,812.50, an increase of \$6,200, or about 40% over last year. The most substantial increases in the anticipated expenditures are appropriations for salaries of officers and employees which is increased from \$1,500 last year to \$2,000 this year and in police protection, which has been increased from \$1,700 to \$3,700. Acceptance of the appropriation ordinance was unanimously passed.

Bills Ordered Paid

The following bills were ordered paid:
Wille Lbr. & Coal Co. \$ 75.11
Meese's " 52
Wm. D. Schott " 1.09
Henders, Inc. " 2.63
R. F. Huecker " 40.89
Mack's Motorcycle Shop " 34.60
M. P. State Bank, rent " 30.00
Eagle Stamp Works " 7.50
W. S. Darley & Co. " 17.92
Busse-Biermann Co. " 137.67
Busse Motor Sales " 53.54
Ill. Bell Tel. Co. " 2.70
Frank Bremer & Son " 2.27
M. P. Pharmacy " .50
John Bencie " 15.02
F. Piepenbrink, labor " 78.50
Edw. Greenke, labor " 92.50
Roy Haas, labor " 20.25
Roy Helfoght, labor " 11.50
Arthur Pahnke, labor " 11.50

A discussion took place in regard to the advisability of the Village buying a tractor to use in cutting parkways and plowing snow from the sidewalks in winter time. This matter was referred to the Streets and Sidewalks committee to draw up specifications for bids on a tractor.

Meeting adjourned in record time, 10:15 p. m.

Masonic Club

The next meeting of the Mount Prospect Masonic club will be held this Thursday, July 8, at 8:15 p. m. in the basement of the public school.

All Masons are invited to attend.

Remodels Real Estate Office

If you don't think the real estate business in this locality is booming and that better times generally, are here, take a ride past I. E. Besander's office on N. W. Highway and note the improvements to his office building.

A new porch has been laid surrounded by an ornamental fence which has added greatly to the appearance of the office.

More power to these fellows who will help us have "a thousand homes in Mt. Prospect by 1942."

Bok Sanctuary Tower Bells
The "singing tower" in the Bok bird sanctuary, near Lake Wales, Florida, contains bells ranging in weight from twelve pounds to twelve tons.

NEWS FROM DUPAGE CO.

DU PAGE BOARD

Two matters of importance are scheduled to come before the board of supervisors at its meeting on July 13. They are: Selection of judges and clerks of election in the 27 precincts of the county, and the report of Robert Bradley, county auditor, who is also chairman of the legislative committee of the State County Officers' Association, named by the board to watch legislation during the sessions of the Illinois general assembly.

The selection of judges and clerks of election was scheduled to have been made at the special meeting on June 29, but the addition of seven more precincts in the county, caused the board members to postpone the certifying of the names, chosen by the county central committees of the Republican and Democratic parties, until next Tuesday.

Mr. Bradley attended the sessions of the legislature, taking care of DuPage county's interests so far as one man could in that maelstrom of political madcaps.

One law, which is a pain to counties outside of Cook county, is the so-called Sweitzer bill. This law requires that all county officers must, under penalty, make a report of the moneys collected by them once a month. Under the workings of this law, four copies of the monthly report are made. One goes to the county, one to the county treasurer, one to the client, and one is retained by the officer making it out.

The law further requires that all funds, moneys and effects be turned over to the county treasurer. Mr. Bradley says that should the sheriff seize a load of hogs, cattle or other stock, he must, in compliance with the law, turn the livestock over to the county treasurer.

Another provision is that any bank employee who cashes a check or voucher for the payment of public funds without it being signed and counter signed, is subject to prosecution. The bad feature of this phase of the law is that in some instances, there is no officer delegated to countersign such checks or vouchers. This is true of the township road and bridge fund.

Efforts were made to amend this law, so that its provisions are applicable only to Cook county, where it originated. It was defeated, but the downstate counties will try at the next meeting of the general assembly to have it amended to exclude them, and apply only to Cook county.

Penalties for violating a provision of the Sweitzer statute are a fine of not to exceed \$10,000 and a penitentiary term of not more than five years, or both.

A bill passed by the senate, but defeated in the house, would have saved the county \$4,000 and \$5,000 annually. That is the one that has to do with the collection of delinquent taxes and the delinquent tax list. This list must be published annually, but the amendment provided that notices to delinquents may be sent with ordinary postage instead of with registered letter, with postage for the return.

Under the amendment the county treasurer could have sent the notices in an ordinary envelope that requires but three cents postage, or but two cents postage, if the letter is mailed in at the postoffice, from which it is to be delivered.

One law adopted by the general assembly, changes the entire complexion of the old age pension set-up. The law will, if signed by the governor, empower the county board to choose a superintendent

for the county from a list of five selected by the state board. The new superintendent will choose his advisory board, who work under his direction. The superintendent and his aides will be paid for by the state. While the county board chooses the superintendent from the list of five, it may not remove him from office, this power being delegated to the state. The superintendent's term shall be for four years. This bill, if it becomes a law, will do away with the present system of administering the old age pensions.

\$10,000 Open Championship At Medinah Club

July 23, 24, 25

Officials of the Chicago District Golf association, expect to bring the holders of the major golfing titles of the world together for a showdown in Chicago's \$10,000 open championship to be played at the Medinah Country club, July 23-24-25. The event is being held to give the Midwest a major golfing event and establish a caddy welfare fund.

Horton Smith, who is in England as a member of the American Ryder Cup team, is acting as agent for the Chicago sponsors and has authority to go any distance within reason to sign up the winner of the British Open championship for Chicago. With Ralph Guldahl, national open champion, and Denny Shute, P. G. A. champion, sure starters, the Chicago tournament will only need the British champion to complete the list.

The Chicago tournament has amateur golfers of America stirred up because of the present diplomatic discussions going on between the conservatives of the United States Golf Association and the liberals of the C. D. G. A. as to a value limit which should be placed on amateur prizes. Fifteen amateurs have entered from one club in Gary.

Locations to erect grandstand seats have been selected and plans developed to conduct putting and driving contests for spectators. The Medinah Club grounds are adapted for such purposes and the C. D. G. A. committee wants to give the gallery members an opportunity to try their own skill as well as to observe the methods of the best players.

The C. D. G. A. entered a float in the Chicago Jubilee parade on June 7. It was a miniature golfing hole with tee, fairway and green

and a grandstand. This exhibit will be routed through nearby cities a few days before the championship.

Sheriff Bennett Gives Chicken Thief Air Ride To Missouri

He was from Missouri, this 21-year old boy, who went by the name of Jack Haines, but whose real name is Earl Wrsley. Picked up as a common chicken thief early last week, he was turned over to Jesse F. Beasley, sheriff of Dent county, Missouri, from which county he had broken jail, after he had been sentenced to serve a term of two years in the Missouri state penitentiary, being convicted of felonious assault with a gun.

Wrsley's trip back to the "Show Me" state was much faster than his journey to DuPage county. He went back by airplane, Sheriff Arthur A. Bennett having delivered the escapee to the Dent county sheriff at the Cicero airport Friday.

The Missourian was arrested on a charge of stealing chickens from John Emerson of Winfield and confined in the DuPage county jail. Checking on his record, the DuPage county officials checked to discover whether Wrsley had a record. He did.

There is a theory among those who work out of the sheriff's office in this and other counties that a chicken thief is one of the lowest forms of human being, inasmuch as usually the "women folks" in rural districts use money from the sale of eggs for their own individual use.

Police Association Meeting

Sheriff Arthur A. Bennett, president of the DuPage County Police association, has called the next meeting of that association for July 20. The meeting will be held at the Belmont Country club. Golf is on the afternoon program, with the business meeting in the evening.

Sound Waves Kill Germs

Sound waves, which are of tremendous intensity, are produced by electricity. The vibrations set up are so strong that they break asunder groups of bacteria, and kill them almost immediately, but without doing any harm to the human tissues in which the germs may be hidden.

Member of Wheaton Safety Council Fined For Speeding 40 M. P. H.

Gordon Mackenzie, member of the Wheaton Safety council, paid a fine of \$3 and costs of \$2 on a charge of speeding on North Main street near Five Corners, Glen Ellyn, last Thursday evening. He had been arrested on June 29, by Police Officer Gus Nemitz, who overhauled him in a police squad car. The officer charged that Mackenzie was driving 40 miles an hour in a zone where a speed of but 25 miles an hour is permitted.

The Wheaton safety councilman told Police Magistrate Charles A. LePage that he was willing to plead guilty to driving 30 miles an hour, but that he would not admit that he had driven 40 miles an hour.

His speedometer, which he uses in ascertaining how fast drivers go in Wheaton, is synchronized with those on the Wheaton police speed cars. He never, he says, when passing through nearby communities, disregards the speed laws. He admitted that he might have driven 30 miles an hour when passing a car which he overtook just before his arrest.

The Glen Ellyn policeman, on the other hand, said that Mr. Mackenzie had driven 40 miles an hour, and that he had reached a speed of 50 miles in overhauling the Wheaton man.

County Board Enforces Tavern License Deadline

County taverns, whose owners did not perfect their bonds and pay their license fees by Saturday of last week, remained closed all day Monday, celebrated as the Fourth, and those who do not fulfill all the requirements will not be permitted to open. This information was contained in a letter sent out to all tavern keepers last week. Up until Saturday there were 122 of the 150 licensed tavern owners who had complied with the letter of the county liquor ordinance.

The county liquor year ended on July 1, at which time the new year began. After that no tavern was supposed to operate without a license. The commission requires that the bond be posted with the money for the license. Those tavern owners who did not post the bond were held as not complying with the law.

Cash for Vacation Expenses

Don't permit a shortage of money to interfere with the much needed vacation. Let us know the amount required, and we will arrange to supply the necessary cash. You can repay in easy monthly installments.

QUESTION... WHAT RANGE SHOULD I CHOOSE FOR MY MODERN KITCHEN

ANSWER... A NEW 1937 AUTOMATIC GAS RANGE

A Modern Gas Range brings easier, faster cooking... cooking that tastes better

The new 1937 Automatic Gas Ranges are beautifully designed—a credit to any modern kitchen—and, what's more, have all the latest improvements that make cooking so easy... meals so tasty and full of rich goodness. Look at this new "Magic Chef" Gas Range! See how beautifully it would fit in your kitchen. And it has automatic top lighting, and the new oven heat regulator that assures perfect baking results without tireless watching. Gas is the way to modern, better cooking. And the new 1937 Gas Ranges have all the new improvements and developments that go to make home cooking clean, fast, and automatic! Don't wait longer! Here's the answer for your cooking problems. Come in TODAY to your nearest Public Service Store and see the many fine bargains in 1937 Gas Ranges. Let us show you their many fine features.

Other dealers are also offering attractive buys in gas ranges. Visit their stores NOW.

PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS

CAN YOU STOP IN TIME?

Your brakes are the most important safety factor of your car. You call on them every day, many times a day, to prevent an accident. A car darts out from a side street, a child dashes thoughtlessly into your path, a traffic light changes unexpectedly. The BEST brakes are none too good!

Let us help you keep them in shape, by making regular tests on our Weaver Brake Tester. A test takes only one minute, and it's FREE. It measures your brakes separately during an actual stop of your car—you merely drive on and stop, read the gauge, and drive off ahead.

We are proud of our brake service department, because at comparatively small cost it is sending out cars with brakes in shape to meet any emergency, as well as stand up to the thousands of ordinary stops called for every day.

Drive your car in today for a free inspection.

Apollo
Clark Gable, Myrna Loy, in "Parnell."

Our Health Column

H. O. Meisenheimer, M. D.

DIPHTHERIA
Twenty-five years ago, Diphtheria was considered a fairly common disease during the colder months of the year. It was a dread disease for which treatment was wholly inadequate. Many victims died from Diphtheria, even though anti-toxin was given. Medical science has certainly progressed during this period, but the treatment now as it was then, is to use adequate quantities of Diphtheria antitoxin. The better method of treatment is to prevent the condition from developing; as is true in any walk of life. There is an axiom that states "An ounce of prevention is worth a pound of cure," and this certainly applies to Diphtheria.

Diphtheria affects mainly children from one to ten years of age. It is most serious in the younger children, and the death rate is highest among children from two to four. As adulthood approaches, most of us develop a natural immunity to Diphtheria. The disease spreads by direct contact or by having an infected individual cough in one's face.

The medical profession began an intensive campaign for Diphtheria prevention about ten years ago, and the incidence of any death rate from Diphtheria has tumbled to a surprisingly low point. At the present time in urban communities, Diphtheria is no longer a common disease, but this is true only because practically all children have been correctly immunized for this disease.

Prevention is indeed a simple matter, and should be done by the time the child is twelve to eighteen months old. All children under ten years should be immunized, children over ten and adults should be tested in order to determine their degree of immunity.

If the test shows a lack of immunity, they, too, should be immunized against Diphtheria. Quite recently, the state department of public health has recommended that three injections of Diphtheria toxin-antitoxin be given at weekly intervals or, an alternative method of two injections of Diphtheria toxoid. Six to eight weeks later a Shick test should be performed, in order to be certain that the individual is immune to Diphtheria.

Niagara Falls
The water that flows over Niagara has flowed from the four great lakes and the hundreds of rivers that flow into them, more than one-half the fresh water of the world, according to one authority. The fact that evaporation and precipitation in the form of rain and snow are continually going on in the enormous area of the great lakes region renders it unlikely that the Great Lakes will ever be drained in this manner.

Aesop's Fables
Aesop is a little more than a shadow of a name. He was a slave from Samos who probably lived in the Sixth century before Christ. His fables were of a political nature in the time of the Greek tyrants, when unweaved speech was dangerous. Two hundred and fifty years later Demetrius of Phaleron collected a large number of fables and called them by Aesop's name. These were turned into Latin by Phaedrus, but it cannot be said definitely that any of them originated with Aesop.

THE CHATTER BOX

By TOMMY KOUSMANOFF

This Is Your Column -- Help! Help!

The Tri-County League players were a jubilant lot last Sunday and Monday . . . Sunday being an open date in the league's schedule . . . The association's bosses have always refrained from the booking league tilts on national holidays . . . Some . . . no doubt . . . baked at the beaches . . . while others will be applying for membership in the "Tall Story-Telling Club" with their fish yarns . . . At any rate . . . the Tri-County swings back into action this Sunday with a full round of games . . .

The Arlington Red Wings nine apparently forgot that last Sunday the 4th . . . was fire-works day . . . going hitless for seven and one-third innings . . . In? Kehe . . . second Arlington batter in the 8th . . . was the first to hit safely . . . A strong Berwyn nine will furnish the opposition for the Wings this Sunday.

Bill Karner and Tibby Hattendorf . . . Roselle Baseball stars . . . made their debut with the Red Wings Sunday . . . both turning in neat exhibitions in the outfield.

Arlington softball fans were treated to the best game of the current municipal league season on Tuesday night when Gaare's Studebakers and the Rose-Lo Inn battled through eight spectacular . . . breath-taking innings before reaching a decision . . . the latter winning out 5-4.

The Rose-Lo's . . . with a clean slate of four straight . . . top the circuit . . . The Gaare team traveled to Bensenville on Wednesday night in an effort to avenge last week's trimming.

This department hopes to have some definite information concerning the coming Northern Du Page-Arlington Softball leagues All-Star game . . . by next week's edition . . .

Each league roster . . . as selected by the managers . . . will comprise eighteen players . . . namely, two catchers, three pitchers, six infielders, five outfielders and two short-centerfielders . . .

The heads of each league have but to name their lineups . . . decide the date and the site . . . and the classic game of the 1937 softball season will become a reality . . .

RED WINGS WIN STREAK BROKEN

The Arlington Red Wings baseball team ran into a snag last Sunday in the form of a classy city nine, the Mayfair Merchants in their bid to add another win to their long victory column, dropping a tough tilt, 4-2. The loss was the Red Wing's first in over a month of Sundays.

The locals picked up a total of only three hits off the offerings of B. Lips, the Mayfair submarine ball pitcher. Irvin Kehe, Hattendorf and Rex Bolte, with a hit apiece furnished all of Arlington's hits.

George Schaefer buried the route for the locals, yielding ten hits and striking out eight.

Mayfair . . . 101 000 020—4 10 1
Arlington . . . 000 000 020—2 3 0

Batteries—B. Lips and Kramer; Schaefer and R. Bolte.

Gaare's Studebakers Lose To Bensenville 8-4

The Gaare Studebakers' softball team's defense suffered a brief relapse in the 5th inning last Wednesday night against Bensenville, but long enough to permit eight "B" runs cross the plate on four hits, four errors and a fielder's choice to drop an 8-4 decision after leading 4-0 for four frames.

Pancake hurled for the "B's," holding Gaare's sluggers to four hits, all of which came in the first

two innings. Nick Kouzmanoff led the victor's hitting attack with two singles in three trips to the plate.

Ray Hayes pitched good ball for Gaare's, but his support, usually good, failed him in the pinches.

Bens. . . 000 080 0—8 7 2
Arl. . . 310 000 0—4 4 5

Batteries—Pancake and H. Dierking; Hayes and D. Kehe.

Sanctuary for Debtors

Visitors to Edinburgh may see one of the most remarkable sanctuaries in the British Isles. At the Canongate gateway to Holyroodhouse palace stands a Sixteenth century house. The curiosity was once Scotland's famous sanctuary for debtors. Sanctuaries for debtors were one of the curious features of former days, when people could be thrown into prison for debt. Among other items of interest is the small den near the top of the oldest building, lighted by a small window looking up the Cowgate, which was used as the jail for the debtors and other delinquents condemned by the Mint's own officers.

"Sun Drawing Water"

Water is evaporated by heat and is incorporated in the atmosphere. The optical illusion of the sun "drawing water" is only the common phenomenon of rays of light reflected in dust particles floating in the air, making them visible when the sun shines between clouds.

The next time you are riding in an automobile, just note the action of pedestrians. Is it any wonder that almost fifty per cent of the automobile fatalities are caused by pedestrians?

Of course, the pedestrian has some rights and he should exercise those rights. There is no right under high heaven that allows the pedestrian to cross in the middle of the block, to come from behind parked cars or to jay-walk at corners. He takes his life in his own hands and is subject to the mercy of the automobile driver who does not see him and cannot control the pedestrian's actions. When we come to the realization that we must walk right and in the proper place, then we will have an opportunity to make a big cut into the automobile fatalities in the nation.

Walk in the manner and in the place where you are supposed to walk.

News from Springfield

Origin of Word Copra

The word copra comes from the Malayan word "Kopperah," which means coconut, and also means the dried "meat" of the nut. The oil extracted from it is used for making soaps, candles and butter substitutes; the residue, or pulp, is used for feeding cattle. Much of the copra gathered in the South seas goes to Sydney, Australia, for this purpose. Coconuts are the wealth of the South Sea islands. They also supply food and drink to these happy people. The milk of the growing nut is easily changed by fermentation into an alcoholic toddy.

Cut of Diamond Standardized

The cut of a diamond is standardized, with one-third above the girdle and two-thirds below.

ENDORSE HIGHWAY LIGHTING

Making Illinois a leader for greater public safety on the highways, Representative Richard J. Daley's (Democrat, 9th district, Chicago) resolution urging highway safety lighting was passed unanimously by the Senate in session at Springfield. Prior to its adoption in the Senate, the resolution obtained unanimous House endorsement.

Representative Daley, who sponsored the safety measure in the House, declared himself for highway safety lighting as an important factor in reducing the death and accident toll attributable to darkness hazards of night driving.

The resolution adopted by both Senate and House follows:

"Whereas, the relatively large number of accidents occurring on public highways during the hours of darkness as compared to the number of accidents occurring during the hours of daylight, the volume of traffic during the two periods considered, shows the need for adoption of means of further improving the safety of highways during the hours of darkness; and

"Whereas, the lighting of public highways has been found to be a most effective means of reducing accidents and thus affording to the public not only a safer, but a fuller and greater use of the public highways; therefore, be it

"Resolved, by the House of Representatives of the Sixtieth General Assembly of the State of Illinois, the Senate concurring herein, that public record is hereby made of the urgency and desirability of installing and extending highway illumination as a means of affording to the public a fuller use of the highways, with greater comfort, convenience and safety; and, be it further

"Resolved, that copies hereof be forwarded to the proper authorities of the State of Illinois immediately concerned with securing maximum use of the public highways, with the minimum amount of danger of injury to persons and damage to property."

Hippo Surprisingly Agile
Some people regard the hippopotamus as a very gentle beast, more or less in the class of the common moo-cow as a fighter. Actually he is surprisingly agile when aroused and has large, sharp tusks in his huge lower jaw with which he can slash sideways with devastating effect. His weight, sometimes amounting to four tons, is a formidable factor, especially when he is in his favorite element, water. On at least one occasion the hippo is reliably reported to have upset and crushed between his jaws a native canoe. He has been known to ram even a river steamer.

Eyes Aided by Brain

Man does not see by eyes alone. If it were not for the center of vision at the back of the brain, our eyes would be of no use to us, says an authority in Literary Digest. The brain has a complex job. Following immutable laws of optics, the eyes throw an inverted image on the retina. As far as the eye is concerned, we see things upside down, and if the brain did not in some way twist our visual images right side up, we would have to climb downstairs to reach the second floor. Also, each eye produces its own image and it is the task of the brain to fuse the two into one. There is no image on the retina, in the sense of a reflection in a mirror, for the retina is merely a nerve network capable of transmitting light sensations over the optic nerve to the brain.

Snow Awaits in Jerusalem

Snow is so rare in Jerusalem that whenever it falls it is the occasion for dire exclamations and expressions of awe. A real snowfall is so rare, in fact, that when the elements visit the holy city in this way the native residents look upon it as nothing short of disaster.

The Name "Scioto"
Like the Cuyahoga, there are three explanations for the origin of the name "Scioto," applied first to the river and then to the county, in Ohio, says a writer in the Cleveland Plain Dealer. Henry Howe, early Ohio historian, believes the name was first used by the Wyandot Indians who called it Sci-on-to, the meaning of which is unknown. The geographer, Gannett, however, believes the name was derived from the word "Seeyotah," meaning "Great Legs," and that it was applied to the river because of its long tributaries. Other authorities insist Scioto is the Wyandot for deer.

How Trees Reduce Wind Velocity
The Forest service says that an effective windbreak reduces surface wind velocity 10 to 50 per cent for a distance of thirty times the height of the trees. Trees 65 feet high reduce the ground wind 10 per cent or more for a third of a mile.
